## **ST. AUGUSTINE GETS MUCH NEEDED WATER SHUTTLE**

***Maiden Voyage and Ribbon Cutting WEDNESDAY 04 20 2022***

St. Augustine, Florida – AdventureBoat.Tours and RedBoatTours.com

Big news on the waterfront - The scenic shuttle service will naturally showcase St. Augustine's incredible beauty while providing a critical transportation connection for visitors and residents. The water shuttle is serving to minimize traffic congestion while it is adding yet another unique experience to a city known for its history, sights and allure to tourists from around the world.

Local boating-based business owners who saw a need and a clear solution sat down and proposed a very cool idea to the city. A private/public partnership that includes Adventure Boat Tours and Red Boat Tours came together with the help of creative City and County officials along with Community Stakeholders, all working to help offer a sustainable less traffic intensive alternative for residents and visitors enjoying the city. These water centric companies run regular fun water-based experiences that pass within a few yards of the needed stops, and they already did this several times a day. Full details and Schedules can be found at: [www.StAugustineWaterShuttle.com](http://www.StAugustineWaterShuttle.com). Once the pieces were put in place the new venture was fast tracked and now you can be a part of this historical moment!
